December (Christmas Party)**

PRESIDENT REPORT

Hey there boys and girls I hope you all are in good health, I for one are a little bit under the weather. So this is going to be short and sweet. I hope to see you all at Sept.18th meeting at Round table Pizza at 7pm. On the racing front I had a lot of fun at the Division 6 Finals at Pacific Raceways on Labor Day weekend. On Friday I went 4 rounds in the gamblers race and they had to call the race due to their curfew, so I won 260.00 dollars which paid for my whole weekend of racing including fuel. Not so good on Saturday I went out in the first round, I broke out by 4 thousands of a second. I dialed in at a 12.30 of a second and ran a 12.296, 4 thousand too quick. Oh well thats racing. Again I hope to see you at the meeting. Well thats all for now.

From ur Prez: Kyle (live to race) Leftwich

SECRETARY REPORT

This months meeting was about getting ready for Sunbust. We went on the logistics of moving the hardware from JoAnn's to the Park. We found that JoAnn was going to have Bryan load the trailer. With what was needed for Saturday. Then reload for Sunday. By doing this it saved us at least a hour on Saturday. Then we went thru Reports. Then we turned to tech. Questions and misc. On Wednesday before the show we met at JoAnn's. This was to go the setup that needed to be done Saturday & what needed to be done Sunday to be ready for the cars.

First of I want to THANK all of you who helped Saturday & Sunday with our your help the show would

Been tough. I do want to thank JoAnn & Bryan for how. Remember it's not the number of cars that

Makes a good show. It's how we go thru at has to be done as the day goes along.

Okay if you must know

We had 152 cars. This is down from last year. It could have been due the weather Saturday night just guess.

We had a good show of food vendors plus some craft vendors. This was a big plus. We haven't this for a long time.

I hope you heard the sound better with the newer sound setup.

Over all I believe the we should be proud of the way. We ran the show.

FOR SALE

[From Dick Hergert Car for sale](#)

I've owner the 300L for about five years. In that time I replaced the carburetor having an exact model replacement rebuilt by Scott Smith in Spokane. The steering has been fixed with new steering box and the linkage replaced. Original AM/FM radio replaced. Power windows all work. AC was fixed and needs

to be recharged. Lower ball joints replaced. Recently retuned by Jamie at Rocket Restoration (DeadDodgeGarage podcast). Last year of letter car series and 413 engine. No rust or bubbling anywhere on the car. First year of a Chrysler redesign that lasted for many years. Unique frontend grill design with stripe covered headlights and center light with L inscribed. Might even include the Chrysler sign in the sale shown in the first picture. Many invoices for work done by myself and the previous owner. Won best in show at Oak Harbor the year before I bought it.

I also have a short walk around video if you could post it.

I'm asking \$28,000 for it or best offer.
